Unique Topic Song

Hearing Sounds

[Verse]

Sound waves move through the air so clear
Wiggle wiggle
They reach your ear
Tiny drums inside
They shake
That's the sound that noises make

[Chorus]

Why we hear
Oh why we hear
Waves of sound come to our ear
Bounce and wiggle
Loud or near
That's why we hear
Oh that's why we hear

[Verse 2]

Your ear sends signals to your brain
Like a magic sound train
High or low
Soft or strong
It turns waves into a song

[Chorus]

Why we hear
Oh why we hear
Waves of sound come to our ear
Bounce and wiggle
Loud or near
That's why we hear
Oh that's why we hear

[Bridge]

Clap your hands

Stomp your feet
Feel the sound
The rhythm's beat
Everything that you can hear
Starts with waves that travel here

[Chorus]
Why we hear
Oh why we hear
Waves of sound come to our ear
Bounce and wiggle
Loud or near
That's why we hear
Oh that's why we hear
