Unique Topic Song

Push and stop

[Verse]

You push the pedals round and round
Feet go up
Then hit the ground
The wheels start spinning fast

[Chorus]

Push push push
Make it go
Stop stop stop
Nice and slow
It's all in your hands
Whoa-oh

[Verse 2]

When you pull the brakes
It slows
The pads hug tight
The bike just knows
Friction makes it halt

[Chorus]

Push push push
Make it go
Stop stop stop
Nice and slow
It's all in your hands
Whoa-oh

[Bridge]

Push to move
Pull to rest
You're the boss
You're the best
Round and round or standing still
You control it with your will

[Chorus]

Push push push
Make it go
Stop stop stop
Nice and slow
It's all in your hands
Whoa-oh
