

Science  
Extinction  
Book: Caring for our environment  
Pages 6-11

**Students: Fill in the answers and return for assessment**

Everything here is based on our Curriculum Visions book Caring for our environment.

In this segment, we are going to learn why animals become endangered and extinct.

**You will need to go to pages 6-7 of the book.**

Part 1

In your own words, explain what it means to go extinct.

**Answer ...**

Part 2

What effect do people have on extinctions?

**Answer ...**

Part 3

Why did the dodo become extinct?

**Answer ...**

**Now turn to pages 8-9 of the book.**

Part 4

How have people led to elephants and whales becoming endangered?

**Answer ...**

**Now turn to pages 10-11 of the book.**

#### Part 4

What are some ways that farming has made things more difficult for other living things? How can we fix this?

Answer ...

That is the end of this worksheet, and you can now turn to another one. Also, find out if your teacher has left you any other worksheets or special instructions on your school website.

If you are interested in this topic, continue to browse the book and watch our amazing videos. They start right on the book cover.

Or you may want to see related books. If so just go to the top of the screen, select science, and from the page that opens choose Caring for our environment.
