

CurriculumVisions Lesson 1

Students: fill in next to the word answer and return the document for assessment.

Geography

The Coast Book

Everything here is based on our Curriculum Visions book The Coast Book.

In this segment we are going to think about the way coasts are used, then bays and headlands.

Part 1

Pages 4-7

Cover page video

Watch at the video on the cover. Write down as many activities as you can spot that people are using the coast for.

Answer.....

Turn to page 4

Add any other use of the coast to your list that you find here but were not in the video.

Do you think any of these activities cause damage to the coast?

Answer.....

Part 2

Pages 8-11

First play any videos on these pages

Where is wave energy most concentrated - on the bay or on the headland?

Answer.....

Why is it more concentrated in one place than another?

Answer.....

Are headlands places of deep or shallow water?

Answer.....

Are headlands made of soft or hard rock?

Answer.....

Are bays more or less sheltered than headlands?

Answer.....

What can be found in a bay that you can't find at a headland?

Answer.....

That is the end of this worksheet, and you can now turn to another one. Also, find out if your teacher has left you any other worksheets or special instructions on your school website.
