

Students: this is a project.

Geography

The River Book

In this segment we are going to think about some of the world's biggest rivers.

Pages 40-46

Choose one of these rivers:

Amazon

Mississippi

Nile

Use the search on Curriculum Visions (only) to find the main book on the river of your choice.

Suppose you were a tourist going from the source to the mouth of your river. Using the book as a source, write a diary of the changes you see as you make your journey.

That is the end of this lesson, and you can now turn to another one. Also, find out if your teacher has left you any other worksheets or special instructions on your school website.
