

CurriculumVisions Lesson 2

Students: fill in next to the word answer and return the document for assessment.

Geography

Book: Weather around the world

Pages 10-17

In this segment we are going to think about weather basics – temperature and rainfall – and what we measure weather in.

You will need to go to pages 10-11 of the book.

Part 1

What are the two scales used to measure temperature in countries around the world?

Answer.....

Where would you put a thermometer if you wanted to get an accurate measurement of the air temperature?

Answer.....

Part 2

Pages 12-13

Explain why it is hotter nearer the Equator.

Answer.....

Part 3

Pages 14-15

Where would we find places with warm and cold seasons?

Answer.....

Is the coldest day of the year mid-winter's day?

Answer.....

What are signs of hot and cold seasons?

Answer.....

Part 4

Pages 16-17

Draw a diagram of the water cycle. You can use the lesson video to help you.

Answer.....

What part of the water cycle can't we see?

Answer.....

That is the end of this lesson, and you can now turn to another one. Also, find out if your teacher has left you any other worksheets or special instructions on your school website.
