

CurriculumVisions Lesson

Students: fill in next to the word answer and return the document for assessment.

Science

Book: **Helping plants grow well** (3B)

Pages 18-23

Everything here is based on our Curriculum Visions book **Helping plants grow well** (3B) .

In this segment we are going to think about the importance of a healthy diet to animals.

You will need to go to pages 18-19 of the book.
In each of these foods, say what part of the plant the nourishment is stored in:
Cereals
Fruit
Vegetables

Answers.....

Cereals: the seeds

Fruit: the fruit, eg the part that contains the seeds

Vegetables: the leaves and stems, or the tubers

Go to pages 20-21. What are some plants that grow well in the desert? In tropical areas? On mountains? On moorland? Near where you live?

Answers.....

Desert: cactus

Tropics: palm trees, bromeliads, Swiss cheese plant

Mountains: Alpine plants

Moorland: heathers

Where you live: answers will vary

Go to pages 22-23. Look around your classroom or your room at home and choose a spot to put a pot plant. Write down the conditions in that spot (sunny, shady, warm, cool, dry, damp, etc.). What kind of plant do you think will grow well in that spot?

Answers will vary.....
