

CurriculumVisions Lesson

Students: fill in next to the word answer and return the document for assessment.

Science

Book: Microbes (6B)

Pages 18-23

Everything here is based on our Curriculum Visions book Microbes (6B)

In this segment, we are going to learn about how microbes cause disease and how we can prevent this.

Part 1

You will need to go to pages 18-19 of the book. Choose one of the diseases on this page and do some more research about it. Make a poster about the disease. Include how it is caused and how we can stop it today.

Students' own answers.....

Part 2

Go to pages 20-21. Make a poster explaining to people either: How to keep food safe or How to stop germs from spreading

Students' own answers.....

Part 3

Go to pages 22-23. Choose one of the microbes on this page and research some more about it. Write a short report about your microbe and say whether it is good or harmful.

Students' own answers.....
