Based on **pages 4 to 9** of Weather around the world

## What will the weather be like? (ii)

**You have to plan for a holiday in four different kinds of places. They are listed below. For EACH place, write down what you would take in your bag. What you take must match what you think the weather will be like.**

Q1. What would you take for a winter skiing holiday in the Alps?

 .....

 .....

 .....

Q2. What would you take for a Spanish beach holiday?

 .....

 .....

 .....

Q3. What would you take for a tropical rainforest holiday?

 .....

 .....

 .....

Q4. What would you take for a beach holiday in Britain?

 .....

 .....

 .....

When you have finished you will be given some suggestions made by another student. Compare what they have put with what you have written.

## Background

This worksheet covers the first three spreads because they are all interlinked.

As background to this worksheet, we asked six students of varying ages what they would take. To do this they had to think about where the place was and what they were going to do. All of the holidays except the skiing were assumed to be 'summer' holidays.

The results have been reproduced here in two ways: as typed lists and as versions of the actual answers.

When students have completed their answers you may care to give out whichever sheets match the age and ability of your students. They can then compare what they have written with what the survey of students revealed.

## Datasheets

The following pages contain example answers by students of various ages. You can use them for your own reference or hand out photocopied versions so that your students can compare what they thought with what people from other schools thought.
