

# Bendy and brittle

Not all materials will bend.

Many materials will bend.  
Some will bend a lot.

A few materials will  
not bend at all.  
They will break.

These are called  
brittle materials.

This toy car was made  
by bending wire.

Car cleaning materials  
are bendy.

A plastic ball is bendy.

bendy sponge

bendy bucket

bendy hose

A sheet of glass will not bend.  
It breaks when a stone hits it.

A plastic bag  
is bendy.
