

Mirrors

You can see things in a mirror.

A mirror is very, very smooth.

Most mirrors are flat pieces of glass.

Some mirrors are made of metal.

A spoon can be a mirror. Even a flat water surface can be a mirror.

You can see your face in a spoon.

reflection

You can see yourself in a lake.

reflection

The picture you see in a mirror is called a reflection.

reflection

Cars have mirrors to see the road behind.

What do you see when you look at yourself in a spoon?
