Based on pages 22 and 23 of *Food, teeth and eating*

# Finding out what pets eat

Try this...

1. The question I want to investigate is:

 .....

2. In the table, write down the names of five foods the pet might eat in the columns underneath the heading 'Pet food'. For example, you may put down foods such as canned food, dry food, meat, fish, bones, biscuits.

3. Record what each pet surveyed ate, using ticks for each type of food.

Name of pet	Pet food				

Looking at the results.

6. What do the results show?

 .....

 .....
