## **Investigating germination**

Try this...

2. Pick one of the things that you think affects the germination of a seed and write it down here.  3. Plan an investigation to test your idea.		
<ol> <li>2. Pick one of the things that you think affects the germination of a seed and write it down here.</li> <li>3. Plan an investigation to test your idea.</li> <li>4. Make a table here in which to record your results.</li> <li>5. If your teacher approves, try your investigation.</li> <li>Looking at the results.</li> <li>6. What do your results show?</li> </ol>	1.	What may affect the germination of a seed? Write down as many things as you can.
