Based on pages 8 and 9 of *Microbes*

# Investigating dead leaves

Try this...

1. Where do dead leaves collect in the area around the school?

 .....

 .....

2. Do all kinds of leaves rot at the same rate? Plan an investigation to test this.

 .....

 .....

 .....

 .....

 .....

 .....

 .....

 .....

 .....

 .....

3. Show your plan to your teacher. If your teacher approves, try it.

**Looking at the results.**

4. What do your results show?

 .....

 .....
