

CurriculumVisions Lesson

Students: fill in next to the word answer and return the document for assessment.

Science

Book: Adapting and surviving (6A)

Pages 10-15

Everything here is based on our Curriculum Visions book Adapting and surviving (6A)

In this segment, we are going to learn about some different habitats.

Part 1

Go to pages 10-11

Make a list with four columns, labelled: Winter, Spring, Summer, Autumn. Under each season, write some things that happen in the woodland in that season.

Answer.....

Part 2

Go to pages 12-13

Draw a picture of a pond, and label some of the different plants and animals that live here, and write what part of the pond they live in and what they eat.

Answer.....

Part 3

Go to pages 14-15

How are conditions in the upper part of a river different from the middle part, and the lower, or tidal, part?

Answer.....

What different types of plants and animals live in the upper, middle and lower parts of a river?

Answer.....
