

CurriculumVisions Lesson

Students: fill in next to the word answer and return the document for assessment.

Science

Book: Earth and beyond (5E)

Pages 10-17

Everything here is based on our Curriculum Visions book Earth and beyond (5E)

In this segment, we are going to learn more about the sun and the moon.

Part 1

Turn to pages 10-11 of the book. Where does the Moon's light come from?

Answer.....

Why does the Moon look different at different times of the month?

Answer.....

Part 2

Go to pages 12-13. Design a demonstration to show why the moon appears to be the same size in the sky as the sun.

Answer.....

Part 3

Go to pages 14-15. How can you tell direction using shadows? How can you tell the time using shadows?

Answer.....

Part 4

Go to pages 16-17. Why doesn't the earth move closer or farther away from the sun as it orbits?

Answer.....
