

CurriculumVisions Lesson

Students: fill in next to the word answer and return the document for assessment.

Science

Book: Changing sounds (5F)

Pages 18-23

Everything here is based on our Curriculum Visions book Changing sounds (5F)

In this segment, we are going to learn more about musical sounds.

Part 1

You will need to go to pages 18-19 of the book. What is a musical note?

Answer.....

Make a simple musical instrument using bottles and water. Fill each bottle with a different amount of water and strike the bottles to play the "instrument". Why does each bottle make a different sound?

Answer.....

Part 2

Go to pages 20-21. Using words or by drawing pictures, explain how wind instruments can be made to make different notes.

Answer.....

Describe why a cup and string telephone works.

Answer.....

Part 3

Go to pages 22-23. Design a string instrument that you can build. If your teacher agrees, build your instrument. How do you change the pitch of your instrument? Where does the sound come from?

Answer.....

If you are interested in this topic continue to browse the book and watch our amazing videos. They start right on the book cover.
