

CurriculumVisions Lesson

Students: fill in next to the word answer and return the document for assessment.

Science Book: Dissolving (6C)
Pages 10-15

Everything here is based on our Curriculum Visions book
Dissolving (6C)

In this segment, we are going to learn more about dissolving, how to speed up dissolving and what happens when gases dissolve.

Part 1

You will need to go to pages 10-11 of the book. Describe three ways of speeding up dissolving.

Answer.....

Imagine that you have a sugar cube and some water at room temperature. How would you test whether these ways of speeding up dissolving really worked?

Answer.....

Part 2

Go to pages 12-13. Design an experiment to prove that dissolving adds volume. If your teacher agrees, try it out.

Answer.....

Part 3

Go to pages 14-15

Describe what happens when you take the cap off a bottle of fizzy drink. You can use words or a drawing.

Answer.....
